

CONVERGENTZ

Making Buildings Smarter

BUILDING AUTOMATION SYSTEMS | SECURITY & LOW VOLTAGE | FIRE & LIFE SAFETY

BUILDING AUTOMATION SYSTEMS

CONTROLS

DISTECH

Building automation systems, system and equipment control solutions, room control solutions, occupant interfaces and room sensors, touchscreen displays, lighting and blind controls, field devices, access control solutions.

www.distech-controls.com

MITSUBISHI ELECTRIC ICONICS DIGITAL SOLUTIONS

Delivers advanced visualization, analytics, and IoT solutions that provide actionable insights, improve operational efficiency, and enable scalable, data-driven building infrastructure. www.iconics.com

TEKWORK

Provides advanced analytics and connected services that optimize central plant performance by reducing energy use, improving reliability, and enhancing operational efficiency. www.tekworx.us

TRANE

Open solutions, equipment controllers that are field and factory installed, thermostats, sensors, and power and energy meters. www.trane.com

TRIDIUM

Niagara framework, cyber defense, enterprise security, drivers, video integration, cloud suite, and analytics. www.tridium.com
